**SOCIALBOX™** is only for Social Networks that are looking to . . .

- Substantially Increase Their Profits
- Positively Impact Their Members
- Receive Additional Media & Exposure

**SOCIALBOX™** is FREE for social networks and is an entirely new system of revenue-generation and monetization. Through **SOCIALBOX™**, your members become your virally growing sales and marketing force.

When you partner with **SOCIALBOX™**, you and your membership gain access to an entire set of tools and applications that have been designed to engage and positively impact your membership. Using **SOCIALBOX™**, your members are able to leverage their personal networks in a quick and easy way.

Once a member has set up their **SOCIALBOX™**, the system acts like a search box inside the member's personal network. When your members search for a product, service, or recommendation using their **SOCIALBOX™** they receive the personal recommendations and referrals of friends. As well, your members receive benefits, sponsorship, offers and discounts that are presented specifically to them from the businesses in the **SOCIALBOX™** Business Network. When your members take advantage of these significant offers, your site receives revenue. The result is a system that has your members benefiting and your site generating revenue.

By creating a relevant and personal search system that exists within your social network, your site is able to share in the profits stemming from the **BILLIONS** of dollars that currently exists in "keyword search based online advertising".
